SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Welcome to Blacksburg Primary School, where learning is our number one goal. The 2008-2009 school year was very successful. During the year, our school met 13 out of 13 objectives for Adequate Yearly Progress (AYP) under the No Child Left Behind Guidelines. In addition, our school and district received accreditation from the Southern Association of Colleges and Schools. Blacksburg Primary has an involved School Improvement Council and Title One Committee that met regularly to discuss and set future goals. We are a school with high academic goals and strong ties to the community.

While creating a safe and nurturing environment, we strive to engage students through the best instructional practices and challenging experiences. It is our goal to provide multi-sensory instruction and developmentally-appropriate activities for all students. We believe that at the primary level, a foundation for education is built and that these years are very important years in a student's success. We believe that "Kids are Special People" and that all kids can learn.

In an effort to increase achievement and improve student learning, Blacksburg Primary established a Professional Learning Community. We met weekly, focusing on balanced literacy, integrated curriculum, differentiated instruction, response to intervention, and character education. We continue to provide our staff with training and staff development, focusing on developmentally-appropriate activities that meet the social/emotional needs of primary children. We have many programs that support our instructional program. We have two Reading Recovery/Intervention teachers who work with students in grades one and two. We also use a Souday System program with kindergarten students. This program focuses on phonemic awareness and helps students with all modalities of learning (auditory, kinesthetic, and visual).

Technology was a major focus for us this year. All of our kindergartens through second grade classrooms have a Promethean Board. This is an interactive white board that is used in all subject areas. Our classrooms also have an LCD projector and a document camera to help teachers facilitate instruction. Our teachers were also trained in using Thinking Maps in their classrooms. In math, we use many manipulatives to help students develop mathematical concepts. Science kits are used at all grade levels that provide a hands-on approach to science which facilitates the development of inquiry skills.

Mrs. Julie Foster was our Teacher of the Year, and Mrs. Erin Hogue was our Reading Teacher of the Year. All of our teachers are highly qualified and we have five teachers that are National Board Certified.

As we look ahead to the 2009-2010 year, we will make it a priority, as always, to ensure that your children receive a strong beginning to their educational career in the safest environment possible. We are proud of our progress and are eager to embark upon another year of learning. Great things are happening at our school, and we take pride in saying "Blacksburg Primary School where learning is our number one goal!"
